

COMMUNITY CONVERSATION

Dental Health Matters

with author, Mary Otto

Tuesday, April 30, 6:30p – 8p, St. Norbert College

Mary Otto, veteran health journalist, shares her passion for quality oral health care and ways to prevent a national oral health epidemic. From beauty queens who spend thousands of dollars for the perfect smile to a young child who loses his life to an abscessed tooth, Otto explores the oral health crisis and offers solutions to improving the current system.

Join Mary and a panel of Wisconsin dental health leaders for a community conversation about dental health, poverty and workable solutions for all of us.

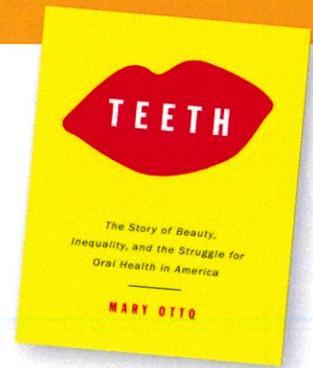

PANELISTS

Mary Otto, author & journalist

Russ Dunkel, DDS, CD, State Dental Director,
Wisconsin Department of Health Services

Timothy Kinzel, DDS, pediatric dentist, clinical instructor, and
dental leader

Matt Crespin, MPH, RDH, associate director of the Children's
Health Alliance Wisconsin and Wisconsin's Seal-A-Smile program

A "Best Book" of 2017

— National Public Radio

"Mary Otto brings history, policy and painful personal realities together in this compelling and engaging book about our nation's highly preventable epidemic of oral disease. Teeth should be read by every policy maker and health professional..."

— Louis W. Sullivan, US secretary of health and human services, 1989-1993

Presented by the Oral Health Partnership, a not-for-profit dedicated to providing dental care and education to kids
